- I can't believe that it will be three years old this January. I can't thank all you people behind the scenes enough for everything you do so that we can have this lovely time together. I just love singing and have found I am no longer nervous at performances so hope others are gaining confidence in the same way.
- Rising Voices has made a huge difference to my life and my health. Breathing is so much better. The experience of the Russell Watson show was amazing-more please! Also Opera singing has an amazing affect on breathing.

**Thank you all for taking the  
time to complete the survey**
